55th Annual
All Region Honor Band Selections 2021

Southwestern Oklahoma Band Directors Association

Dear Parents, Guardians, and Students,

SWOBDA is an event that so many band directors and students look forward to each year. It's a chance for the students to challenge themselves with new music and expand their knowledge. It's a time to build friendships with students from other schools and to catch up with old friends from previous honor band experiences. It also provides an opportunity to work with world class clinicians that can teach them so much in a short time. It's ultimately a time we all cherish.

When the virtual option for auditions became available, band directors rejoiced because it gave us the opportunity to add a touch of normality in an abnormal year. While the audition process looked and felt different, the end results were not. Students still put in the extra time to get better at their craft, still put themselves through the strenuous audition process, and still tried their hardest to achieve the goal that some of them set years ago.

Students, please know how proud of you we are. It takes a tremendous amount of courage to prepare and perform the music for auditions. And while we don't get to see you in person this year, the auditions allowed the organization to keep alive the tradition of Three and Six Year Medals. It is an incredible achievement to earn a Six Year Medal. To those of you receiving this honor, your hard work and dedication to your instrument is inspiring and we wish you well in your future endeavors.

While we cannot meet in person, this does not diminish your achievement. Congratulations on earning a spot in the 2020-2021 SWOBDA Band and we look forward to continuing the wonderful SWOBDA tradition next year!

Sincerely,
Dr. Genevieve Craig
SWOBDA President
